◆ ----- ◆

### **Background**

Season structures and hunting district boundaries are adopted biennially for all game species. This happens every other year between December and Final adoptions in February. In proposing regulations to the Commission, FWP proposes existing structure except for specific changes. Proposals are based on population status and/or other circumstances.

For the 2012 and 2013 mountain goat season structures, the more significant proposed changes include proposed quota increases in hunting districts 313, 314 and 323.

For other proposed changes see Commission Master List for December meeting.

### **Public Involvement Process & Results**

Mountain goat season comments were received during scoping and included interest in maintaining status quo season structure(s). In addition to public comment at the Dec. 8 Commission meeting, public comment will run thru 5:00 PM Monday, Jan. 23, 2012. Any final adoptions will take place at the Feb.16, 2012 Commission meeting.

### **Alternatives and Analysis**

Proposals may be adopted as proposed, with adjustment, with additions, with deletions or no change from 2009 (status quo). No change would challenge the supporting justifications behind proposals.

### **Agency Recommendation & Rationale**

Rationale for individual proposals have been included in Commission information packets and may be further articulated at the Dec. 8 Commission meeting.

**Proposed Motion:** I move the Commission adopt the 2012 and 2013 Mountain Goat Hunting Seasons and Hunting Districts as proposed by FWP.
